### **Independent Auditors' Review Report**

To the Board of Directors of Arcadyan Technology Corporation:

#### Introduction

We have reviewed the accompanying consolidated balance sheets of Arcadyan Technology Corporation and its subsidiaries as of March 31, 2025 and 2024, and the related consolidated statements of comprehensive income, changes in equity and cash flows for the three months ended March 31, 2025 and 2024, and notes to the consolidated financial statements, including a summary of significant accounting policies. Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers and International Accounting Standard 34, "Interim Financial Reporting" endorsed and issued into effect by the Financial Supervisory Commission of the Republic of China. Our responsibility is to express a conclusion on the consolidated financial statements based on our reviews.

#### **Scope of Review**

Except as explained in the Basis for Qualified Conclusion paragraph, we conducted our reviews in accordance with the Standard on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity". A review of the consolidated financial statements consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with the Standards on Auditing of the Republic of China and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

#### **Basis for Qualified Conclusion**

As stated in Note (4)(b), the consolidated financial statements included the financial statements of certain nonsignificant subsidiaries, which were not reviewed by independent auditors. These financial statements reflect total assets amounting to \$2,674,979 thousand and \$1,906,416 thousand, constituting 6% and 4% of consolidated total assets as of March 31, 2025 and 2024, respectively, total liabilities amounting to \$751,904 thousand and \$1,444,845 thousand, constituting 3% and 5% of consolidated total liabilities as of March 31, 2025 and 2024, respectively, and total comprehensive income amounting to \$(76,578) thousand and \$(11,541) thousand, constituting 11% and 2% of absolute value of the consolidated total comprehensive income for the three months ended March 31, 2025 and 2024, respectively.

#### **Qualified Conclusion**

Except for the adjustments, if any, as might have been determined to be necessary had the financial statements of certain consolidated subsidiaries described in the Basis for Qualified Conclusion paragraph above been reviewed by independent auditors, based on our reviews, nothing has come to our attention that causes us to believe that the accompanying consolidated financial statements do not present fairly, in all material respects, the consolidated financial position of Arcadyan Technology Corporation and its subsidiaries as of March 31, 2025 and 2024, and of its consolidated financial performance as well as its consolidated cash flows for the three months ended March 31, 2025 and 2024 in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers and International Accounting Standard 34, "Interim Financial Reporting" endorsed and issued into effect by the Financial Supervisory Commission of the Republic of China.

The engagement partners on the reviews resulting in this independent auditors' review report are Keng-Chia Huang and Yiu-Kwan Au.

#### Notes to Readers

The accompanying consolidated financial statements are intended only to present the consolidated financial position, financial performance and cash flows in accordance with the accounting principles and practices generally accepted in the Republic of China and not those of any other jurisdictions. The standards, procedures and practices to review such consolidated financial statements are those generally accepted and applied in the Republic of China.

The independent auditors' review report and the accompanying consolidated financial statements are the English translation of the Chinese version prepared and used in the Republic of China. If there is any conflict between, or any difference in the interpretation of the English and Chinese language independent auditors' review report and consolidated financial statements, the Chinese version shall prevail.

#### Notes to the Consolidated Financial Statements

#### March 31, 2025 and 2024

#### (Expressed in thousand dollars of TWD, Unless Otherwise Specified)

#### (1) Company history

Arcadyan Technology Corporation (the "Company") was incorporated in May 9, 2003 and merged with BroadNet Technology, Inc. on May 1, 2006.

The consolidated financial statements of the Company comprise the Company and its subsidiaries (together referred to as the "Group") and the Group's interest in associates. The Company is primarily engaged in the research, development, manufacture and sale of integrated access devices, wireless networking products, digital home multimedia appliances, mobile broadband products and wireless audio-visual products. Please refer to note (4)(b) for related information of the Group primary business activities.

#### (2) Approval date and procedures of the consolidated financial statements:

These consolidated financial statements were authorized for issuance by the Board of Directors on May 7, 2025.

#### (3) New standards, amendments and interpretations adopted:

(a) The impact of the Internation Financial Reporting Standards ("IFRS") endorsed by the Financial Supervisory Commission ("FSC"), R.O.C. which have already been adopted.

The Group has initially adopted the following new amendments, which do not have a significant impact on its consolidated financial statements, from January 1, 2025:

- Amendments to IAS21 "Lack of Exchangeability"
- (b) The impact of IFRS Accounting Standards endorsed by the FSC but not yet adopted

The Group is expected to adopt the following new amendments starting from January 1, 2026, which are expected to have the following impacts:

• Amendments to IFRS 9 and IFRS 7 "Amendments to the Classification and Measurement of Financial Instruments" regarding the application guidance requirements for Section 4.1 of IFRS 9 and the related disclosure requirements of IFRS 7

(c) The impact of IFRS Accounting Standards issued by IASB but not yet endorsed by the FSC

The following new and amended standards, which may be relevant to the Group, have been issued by the International Accounting Standards Board (IASB), but have yet to be endorsed by the FSC:

Standards or Interpretations	Content of amendment	Effective date per IASB
IFRS 18 "Presentation and Disclosure in Financial Statements"	The new standard introduces three categories of income and expenses, two income statement subtotals and one single note on management performance measures. The three amendments, combined with enhanced guidance on how to disaggregate information, set the stage for better and more consistent information for users, and will affect all the entities.	January 1, 2027
	• A more structured income statement: under current standards, companies use different formats to present their results, making it difficult for investors to compare financial performance across companies. The new standard promotes a more structured income statement, introducing a newly defined 'operating profit' subtotal and a requirement for all income and expenses to be allocated between three new distinct categories based on a company's main business activities.	
	• Management performance measures (MPMs): the new standard introduces a definition for management performance measures, and requires companies to explain in a single note to the financial statements why the measure provides useful information, how it is calculated and reconcile it to an amount determined under IFRS Accounting Standards.	
	• Greater disaggregation of information: the new standard includes enhanced guidance on how companies group information in the financial statements. This includes guidance on whether information is included in the primary financial statements or is further disaggregated in the notes.	

Standards or Interpretations	Content of amendment	Effective date per IASB
Annual Improvements to	The amendments set out:	January 1, 2026
IFRS Accounting Standards—Volume 11	1. IFRS 1 " First-time Adoption of International Financial Reporting Standards":	
	The amendments address a potential confusion arising from an inconsistency in wording between paragraph B6 of IFRS 1 and requirements for hedge accounting in IFRS 9 Financial Instruments.	
	2. IFRS 7 " Financial Instruments: Disclosures":	
	The amendments address a potential confusion in IFRS 7 arising from an obsolete reference to a paragraph that was deleted from the standard when IFRS 13 Fair Value Measurement was issued.	
	3. IFRS 9 "Financial Instruments":	
	• Derecognition of a lease liability The IASB's amendment states that if a lease liability is derecognized, then the derecognition will be accounted for under IFRS 9, (i.e. the difference between the carrying amount and the consideration paid is recognized in profit or loss). However, when a lease liability is modified, the modification will be accounted for under IFRS 16 Leases.	
	• Transaction price The amendments require companies to initially measure a trade receivable without a significant financing component at the amount determined by applying IFRS 15 Revenue from Contracts with Customers. The amendments remove the conflict between IFRS 9 and IFRS 15 over the amount at which a trade receivable is initially measured.	

Standards or Interpretations	Content of amendment	Effective date per IASB
	4. IFRS 10 " Consolidated Financial Statements":	
	The amendments clarify the determination of a 'de facto agent'.	
	5. IAS 7 "Statement of Cash Flows":	
	The amendments address a potential confusion in applying paragraph 37 of IAS 7 that arises from the use of the term 'cost method'.	

The Group is evaluating the impact on its consolidated financial position and consolidated financial performance upon the initial adoption of the abovementioned standards or interpretations. The results thereof will be disclosed when the Group completes its evaluation.

The Group does not expect the following other new and amended standards, which have yet to be endorsed by the FSC, to have a significant impact on its consolidated financial statements:

- Amendments to IFRS 10 and IAS 28 "Sale or Contribution of Assets Between an Investor and Its Associate or Joint Venture"
- IFRS 17 "Insurance Contracts" and amendments to IFRS 17 "Insurance Contracts"
- IFRS 19 "Subsidiaries without Public Accountability: Disclosures"
- Amendments to IFRS 9 and IFRS 7 "Amendments to the Classification and Measurement of Financial Instruments" regarding the application guidance requirements for Sections 3.1 and 3.3 of IFRS 9 and the related disclosure requirements of IFRS 7
- Amendments to IFRS 9 and IFRS 7 "Contracts Referencing Nature-dependent Electricity"

#### (4) Summary of material accounting policies:

(a) Statement of compliance

These consolidated financial statements have been prepared in accordance with the Regulations Governing the Presentation of Financial Reports by Securities issuers (hereafter referred to as the Regulations) and the guidelines of IAS 34 "Interim Financial Reporting" which are endorsed and issued into effect by the FSC. These consolidated financial statements do not include all of the information required by the Regulations and International Financial Reporting Standards, International Accounting Standards, IFRIC Interpretations and SIC Interpretations endorsed by the FSC (hereinafter referred to as the IFRS Accounting Standards endorsed by the FSC) for a complete set of the annual financial statements.

Except as described in the following paragraph, the material accounting policies used in the interim financial statement are consistent with the consolidated financial statement for the year ended December 31, 2024. For the related information, please refer to note (4) of the consolidated financial statements for the year ended December 31, 2024.

- (ii) List of subsidiaries which are not included in the consolidated financial statements: None.
- (c) Employee benefits

The pension cost for the interim period was calculated and disclosed on a year-to-date basis by using the actuarially determined pension cost rate at the reporting date of the prior fiscal year, adjusted for significant market fluctuations since that time and for significant curtailments, settlements, or other significant one-time events.

(d) Income taxes

The income tax expenses have been measured and disclosed in accordance with paragraph B12 of International Accounting Standards 34," Interim Financial Reporting".

Income tax expenses for the period are best estimated by multiplying pre-tax income for the interim reporting period using the effective annual tax rate as forecasted by the management. This should be recognized fully as income tax expense for the current period.

Temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and their respective tax bases shall be measured based on the tax rates that have been enacted or substantively enacted at the time of the asset or liability is recovered or settled, and be recognized directly in equity or other comprehensive income as income tax expense.

#### (5) Significant accounting assumptions and judgments, and major sources of estimation uncertainty:

The preparation of the consolidated financial statements in conformity with the Regulations and IAS 34 "Interim Financial Reporting" endorsed by the FSC requires management to make judgments, and estimates about the future, including climate-related risks and opportunities, that affect the application of the accounting policies and the reported amount of assets, liabilities, income and expenses. Actual results may differ from these estimates.

The preparation of the consolidated interim financial statements, the major sources of significant accounting judgements, estimates and underlying assumptions of uncertainty which are in conformity with note (5) of the consolidated financial statements for the year ended December 31, 2024.

#### (6) Explanation of significant accounts:

Except for the following disclosures, there were no material differences in the disclosures of significant accounts between the interim consolidated financial statements for the current period and the 2024 annual consolidated financial statements. Please refer to note (6) of the consolidated financial statements for the year ended December 31, 2024.

Net gains (losses) recognized in other comprehensive income	<u>\$</u>	(42,761)	21,480

- (iv) For the three months ended March 31, 2025 and 2024, there were no ineffective portions of cash flow hedges recognized in non-operating income and expenses.
- (v) For the three months ended March 31, 2025 and 2024, gains or losses of adjustments from reclassification of other equity interest, deriving from the changes of fair value for hedge instruments, were recognized under operating revenues in the statements of comprehensive income.

#### (e) Financial assets at amortized cost

	Μ	larch 31, 2025	December 31, 2024	March 31, 2024
Time deposits with original maturity of more	-			
than three months	\$	5,214,134	5,103,852	

The Group has assessed that these financial assets are held-to-maturity to collect contractual cash flows, which consist solely of payments of principal and interest on principal amount outstanding. Therefore, these investments were classified as financial assets at amortized cost.

As of March 31, 2025 and December 31, 2024, the ranges of interest rates for aforementioned financial assets were 0.67%~3.85% and 1.635%~1.80%, respectively.

As of March 31, 2025 and December 31, 2024, the Group did not provide any financial assets at amortized cost as collaterals.

(f) Accounts receivable

	March 31, 2025	December 31, 2024	March 31, 2024
Accounts receivable – measured at amortized cost	7,197,406	4,550,545	5,672,213

	\$ <u>7,163,556</u>	5,245,130	6,830,536

The Group has assessed a portion of its accounts receivable that were held within a business model whose objective is achieved by collecting contractual cash flows and selling financial assets; therefore, such accounts receivable was measured at fair value through other comprehensive income.

The Group applies the simplified approach to provide for its expected credit losses, i.e. the use of lifetime expected loss provision for all receivables. To measure the expected credit losses, accounts receivables have been grouped based on shared credit risk characteristics and the days past due, as well as incorporated forward looking information, including historical credit losses experience and macroeconomic. The expected credit losses of the Group as of March 31, 2025, December 31 and March 31, 2024 were determined as follows:

		March 31, 2025					
			Gross	Weighted-	T 'C /'

Impairment loss recognized (reversed)	. <u> </u>	2,347	(4,708)
Balance at ending	\$	33,850	36,445

As of March 31, 2025, December 31 and March 31, 2024, the Group did not provide any aforementioned accounts receivable as collaterals.

The Group entered into accounts receivable factoring agreements with banks. Based on the agreements, the Group is not responsible for guaranteeing the ability of the accounts receivable of the obligor to make payment when it is affected by credit risk. Thus, this is deemed as a non-recourse accounts receivable factoring. After the transfer of the accounts receivable, the Group can request for the partial advances as stipulated in the agreements, while the interest calculated at an agreed rate during the period from the date of transfer until the accounts receivable collected is paid to the bank. The remaining amount without advance are received when the accounts receivable is paid by the customers.

As of March 31, 2025, the Group did not enter into any accounts receivable factoring agreement with banks. Moreover, no accounts receivable had been factorerd as of December 31 and March 31, 2024.

#### (w) Compensation to employees and directors

Based on the Company's Articles of Incorporation, if there is any profit before tax prior to deduction of the compensation of employees and directors in a fiscal year, it shall be distributed to employees as compensation in an amount of not less than five percent (5%) and to directors as remuneration in an amount of not more than two percent (2%) of such profits. In the event that the Company has accumulated losses, the Company shall reserve an amount to offset its accumulated losses. Employees who are entitled to receive the above-mentioned employee compensation, in share or cash, may include the employees who serve in the subsidiaries of the Company who meet certain specific requirements.

For the three months ended March 31, 2025 and 2024, the Company accrued and recognized employee compensation of \$114,784 and \$102,854, and directors' rumuneration of \$6,125 and \$5,588, respectively. The estimated amounts mentioned above are based on the income before tax prior to deduction of the compensation to employees and directors of each respective ending period, multiplied by the percentage of compensation to employees and directors, which were approved by the management of the Company. The estimations were recorded under operating costs or operating expenses for each period. The differences between the actual amounts and the estimates recognized in the financial statements, if any, are accounted for as changes in accounting estimates and recognized as profit or loss in the distribution year. If the Board of Directors resolves to distribute employee compensation in the form of stock, the number of the shares of the employee compensation is determined based on the closing price of the day before the Board of Directors meeting.

The Company accrued and recognized its employee compensation of \$421,162 and \$413,218, and directors' remuneration of \$22,792 and \$21,995 for the years ended December 31, 2024 and 2023, respectively, which were both paid in cash. There were no differences between the amounts approved by the Board of Directors meeting and those recognized in the consolidated financial statements, and the related information can be accessed through the Market Observation Post System website.

(x) Financial instruments

Except for those described below, there were no significant changes in the Group's fair value of financial instruments exposed to credit risk, liquidity risk and market risk. Please refer to note (6)(y) of the 2024 annual consolidated financial statements for related information.

(i) Credit risk

For credit risk exposure of accounts receivables, please refer to note (6)(f).

Other financial assets at amortized cost include other receivables, repurchase agreements and time deposits. These financial assets are considered to have low credit risk, and thus, the impairment provision recognized during the period was limited to 12 months expected losses. Besides, due to the counterparties and the performing parties of the time deposits and repurchase agreements held by the Group are financial institutions with investment grade and above credit ratings, these time deposits and repurchase agreements are considered to have low credit risk.

The movement of impairment provision for the three months ended March 31, 2025 and 2024 were as follows:

#### (iii) Market risk

#### 1) Exposure to foreign currency risk

The Group's significant exposure to financial assets and liabilities for foreign currency risk were as follows:

							Unit: thousands of foreign currency			
	 March 31, 2025			December 31, 2024			March 31, 2024

RMB	23,747	RMB/USD =0.138	108,472		RMB/USD =0.137	22,210		RMB/USD =0.138	833,436	

#### 2) Sensitivity analysis

The Group's exposure to foreign currency risk arises mainly from the translation of the foreign currency exchange gains and losses on cash and cash equivalents, accounts receivable, other receivables, short-term borrowings, accounts payable (including related parties), long-term borrowings, and other payables that are denominated in foreign currency. The analysis assumes that all other variables remain constant. A strengthening (weakening) 5% of each foreign currency against the functional currency on March 31, 2025 and 2024 would have affected the net income before tax as follows. The analysis is performed on the same basis for both periods.

	March 31, 2025		March 31, 2024	
USD (against the TWD)				
Strengthening 5%	\$	(121,879)	(177,434)

Weakening 5%		5,424	41,672	

(Continued)

3) Exchange gains and losses of monetary items

As the Group deals with diverse foreign currencies, gains or losses on foreign exchange were summarized as a single amount. For the three months ended March 31, 2025 and 2024, the net foreign exchange gains (including realized and unrealized portions) amounted to \$20,847 and \$81,509, respectively.

#### (iv) Interest rate analysis

The Group's risk exposure to financial assets and liabilities for interest rate were as follows:

		<b>Carrying amount</b>			
		March 31, 2025	March 31, 2024		
Fixed rate financial instrument:					
Financial assets	\$	11,751,205	7,246,254		
Financial liabilities	_	(496,508)	(1,212,442)		
	<u>\$</u>	11,254,697	6,033,812		
Variable rate financial instrument:	—				
Financial assets	\$	1,987,800	3,333,685		

The following sensitivity analysis is based on the risk exposure to interest rate for the nonderivative financial instruments on the reporting date. Regarding the assets with variable interest rates, the analysis is on the basis of the assumption that the amount of assets outstanding at the reporting date were outstanding throughout the whole year. The rate of change reporting to management internally is expressed as the interest rate increase or decrease by 0.25%, which also represents management of the Group's assessment on the reasonably possible range of interest rate changes.

If the interest rate had increased or decreased by 0.25% on the reporting date, assuming all other variable factors remaining constant, the net income before tax would have increased or decreased by \$1,242 and \$2,084 for the three months ended March 31, 2025 and 2024, respectively, mainly due to the Group's bank deposits with variable interest rates.

- (v) Fair value
  - 1) The categories of financial instruments and fair value

The Group's financial assets and liabilities at fair value through profit or loss, financial instruments used for hedging and financial assets and liabilities at fair value through other comprehensive income are measured at fair value on a recurring basis. The carrying amount and fair value of the Group's financial assets and liabilities (including the information on fair value hierarchy, but excluding financial instruments not measured at fair value whose carrying amount is reasonably approximate to the fair value, and lease liabilities, since the disclosures of fair value information are not required), were as follows:

2) Fair value valuation techniques for financial instruments not measured at fair value

The Group estimates financial instruments that not measured at fair value by using methods and assumptions as follows:

a) Financial assets and financial liabilities measured at amortized cost

If there is quoted price generated by transactions, the most recent transaction price and quoted price data is used as the basis for fair value measurement. However, if no quoted prices are available, the discounted cash flows are used to estimate fair values.

- 3) Fair value valuation techniques for financial instruments measured at fair value
  - a) Non-derivative financial instruments

Financial instruments trade in active markets are based on quoted market prices. The quoted price of a financial instrument obtained from main exchanges and onthe-run bonds from Taipei Exchange can be used as a basis to determine the fair value of the listed companies' equity instrument and debt instrument of the quoted price in active markets.

Fair value measured by using a valuation technique can be extrapolated from fair value of similar financial instruments, the discounted cash flow method, or other valuation technique, including a model used in calculating the observable market data at the reporting date.

The Group holds the unquoted equity investments of financial instruments without an active market. The measurement of fair value of the equity instruments is based on the Guideline Public Company method, which mainly assumes the evaluation by the Price-to-Book ratio of comparable public companies and by the discount for lack of marketability. The estimation has been adjusted by the effect of discount due to the lack of marketability for the equity securities.

b) Derivative financial instruments

Measurement of fair value of derivative instruments is based on the valuation techniques that are generally accepted by the market participants. For instance, discount method or option pricing models. Fair value of foreign exchange forward contracts is usually determined by using the forward exchange rate.

4) Transfers between Level 1 and Level 2

There was no transfer from Level 2 to Level 1 for the three months ended March 31, 2025 and 2024.

## 5) Reconciliation of Level 3 fair values

	Fa throu	Fair value through other comprehensive income

For the three months ended March 31, 2025 and 2024, total gains and losses mentioned above recognized in "gains (losses) on financial assets (liabilities) at fair value through profit or loss" and "unrealized gains (losses) from investments in equity instruments measured at fair value through other comprehensive income" were as follows:

	For	the three n <sup>.</sup> March	nonths ended

comprehensive income"	\$	(5,627)	(9,322)

6) Quantified information on significant unobservable inputs (Level 3) used in fair value measurement

The Group's financial instruments that use Level 3 inputs to measure fair values include "financial assets measured at fair value through profit or loss – investments in private equity fund" and "financial assets measured at fair value through other comprehensive income – equity investments".

Most of fair value measurements of the Group categorized as Level 3 have single and significant unobservable inputs. However, equity investments without an active market contain multiple significant unobservable inputs. The significant unobservable inputs of the equity investments without an active market are independent from each other, as a result, there is no correlation between them.

Quantified information of significant unobservable inputs were as follows:

Item	Valuation technique	Significant unobservable inputs	Inter-relationship between significant unobservable inputs and fair value
Financial assets at fair	Comparable market	· Price-to-Book ratio	$\cdot$ The higher the

		• Lack-of-Marketability discount rate (30% on March 31, 2025, December 31 and March 31, 2024)	• The higher the Lack- of-Marketability discount rate is, the lower the fair value will be.
Financial assets at fair value through profit or loss–investments in private equity fund	Net asset value method	· Net asset value	· Inapplicable

7) Fair value measurements in Level 3 – Sensitivity analysis of reasonably possible alternative assumptions

The Group's fair value measurement on financial instruments is reasonable. However, the measurement results would be different if different valuation models or parameters are adopted. For financial instruments categorized as Level 3, if the valuation parameters changed, the impacts on other comprehensive income or loss are as follows:

			(	Other comprehensive income			
	Input	Move up or down	]	Favorable change	Unfavorable change		
March 31, 2025							
Financial assets at fair value through other comprehensive income	Price-to-Book ratio multiples	5%	\$	711	727		
	Lack-of- Marketability discount rate	5%	\$ <u></u>	309	292		
December 31, 2024							
Financial assets at fair value through other comprehensive income	Price-to-Book ratio multiples	5%	\$ <u></u>	<u>1,001</u>	1,000		
	Lack-of- Marketability discount rate	5%	\$ <u></u>	425	425		
March 31, 2024							
Financial assets at fair value through other comprehensive income	Price-to-Book ratio multiples	5%	\$	1,349	1,340		
	Lack-of- Marketability discount rate	5%	\$ <u></u>	573	573		

The favorable and unfavorable changes represent the movement of the fair value, and fair value is based on various levels of unobservable inputs calculated by using a valuation technique. If there are more than one input for the fair value of financial instrument, the analysis above only reflects the effects of changes for a single input, and it does not consider the inter-relationships and variability with another inputs.

(vi) Offsetting financial assets and financial liabilities

The Group has financial instruments transactions applicable to the International Financial Reporting Standards No. 32 Sections 42 endorsed by the FSC which requested for offsetting. Financial assets and liabilities relating to those transactions are recognized in the net amount of the balance sheets.

The group did not have any aforementioned transactions as of March 31, 2025. The following tables present the aforesaid offsetting financial assets and financial liabilities as of December 31 and March 31, 2024.

#### (y) Financial risk management

There were no significant changes in the Group's objectives and policies of financial risk management as disclosed in note (6)(z) of the 2024 annual consolidated financial statements.

(z) Capital management

The Group's objectives, policies and processes of capital management were consistent with those disclosed in the consolidated financial statements for the year ended December 31, 2024. There were no significant changes in the quantified information of Group's capital management as disclosed in the consolidated financial statements for the year ended December 31, 2024. Please refer to note (6)(aa) of the 2024 annual consolidated financial statements for further details.

(aa) Investing and financing activities not affecting cash flow

The Group's investing and financing activities which did not affect the cash flow for the three months ended March 31, 2025 and 2024 were as follows:

(i) The acquisition of right-of-use assets by lease, please see note (6)(k).
